Program Descriptions

Description of CMHA Durham Services	Description of DMHS Services
<p>Housing and Case Management Services: Provide support to individuals with a mental health diagnoses living in the community. *Please note that CMHA Durham <i>does not</i> offer immediate, emergency housing. Due to the demand for housing, CMHA Durham currently operates a housing waitlist.</p> <p>Assertive Community Treatment Team (ACTT): A client-centered, recovery-oriented mental health service for individuals between the ages of 18 to 65 with serious and persistent mental illnesses.</p> <p>Caregiver Case Management Services: Case Management support specific to the individual caregiver with emphasis on education and relief for caregiver stressors.</p> <p>Nurse Practitioner-Led Clinic (Primary Care): Provides a full range primary care services to clients and their families who do not have a primary care provider. The Clinic is unique in that it specializes in mental health and is integrated within Canadian Mental Health Association Durham.</p> <p>Criminal Justice Case Management Services: Case Management support that specializes in criminal justice matters.</p> <p>Community Wellness Services The Wellness Program operates Monday–Friday 9:00am-6:30pm, and promotes mental wellness, self-care and self-empowerment for individuals across the lifespan through social engagement opportunities. The Program is enhanced by our Transferable Lived Experience Peer Support Model and meets individuals where they are at, to provide them with valuable supports, information, resources, amenities, and linkages. Individuals are required to complete an intake prior to attending the Wellness Program.</p>	<p>C.A.L.L (Crisis Access Linkage Line) 1-800-742-1890 (24 hours / day) For individuals experiencing a personal or situation crisis, we provide 24-hour phone support, a mobile crisis team and/or a short-term stay in our community crisis beds. Also provided is information and linkage to DMHS programs, assistance with navigating the mental health system in general and linkage to other community supports.</p> <p>Residential Program - Supportive Housing: A range of safe, affordable housing programs, based on need – from high support, staffed 24 hours / day, to supported independent housing, with the goal of helping individuals develop the life skills necessary for independent living.</p> <p>Community Support – Case Management: Provides person-centered and individualized assistance to individuals with mental health challenges to live independently in the community. Also includes Aboriginal CM, Dual Diagnosis case management, Transitional-Aged Youth case management, Criminal Justice case management and Transitional case management from Lakeridge Health; both Oshawa and Ajax sites.</p> <p>Family Support: Provides one-to-one support, education and staff-facilitated peer groups, to aid family members in their role of caregiver to a person living with mental health problems.</p> <p>Consumer Survivor Initiatives – Peer Support: Peer Support Specialists provide positive, hopeful and practical support through structured activities and social, recreational and vocational opportunities that promote self-acceptance and personal growth. 1-1 support as well as group support is available.</p> <p>Justice Initiatives: Provides support to adults and youth while navigating the criminal justice system and offers consultation, advocacy and linkage to needed resources as well as court diversions.</p>

To Our Clients: In accordance with the Personal Health Information Protection Act, 2004 (PHIPA) all personal health information provided in the above form is confidential. To provide you with the best possible service, your information may be shared within and between our two agencies. However, your informed consent will be required if your personal health information is to be shared outside of our two agencies.
